## Report of the Board

### Annual Meeting Announcement

**Thursday, February 16, 2006 – 6:30 p.m.**

**Conference Room**

**Matson and Isom**

**3013 Ceres Avenue**

**Chico, CA**

The regular business of the annual meeting is to review Gran Mutual's activities, finances and have an annual election of officers.

Along with the regular business, this meeting will cover the proposed improvement project. This is the second member meeting regarding Gran Mutual Water Company improvements.

On October 19, 2005, we had our first membership meeting to cover the improvement needs. Detailed minutes from that meeting will be available at the next meeting. Come to the next meeting to get a copy.

The Board will have an update on financial negotiations and a budget with the details of the planned improvements. Please come and help. We need member review and response.

### **Optional Information to Bring to the Meeting**

Emergency notification of some problem with the water will be made based on orders from the Butte County Health Department and using the method required by the Butte County Health Department. Unless requested otherwise, Gran Mutual will be required to hand deliver notices to each house. The notice will have information about the problem and suggested actions.

Please complete the questionnaire included with this newsletter and return it to Gran Mutual Water Company by bringing it to the annual meeting or mailing it to the address noted above.
